

Ready To Wear

Glueless · Ready Out of the Box

Give your clients the look they want the moment they sit in your chair.

Our Ready-to-Wear Wigs are fully coloured on high-quality virgin Brazilian hair, glueless, and ready to wear straight out of the box — no install time, no mess, no fuss. Check out our colours on the colour table that follows.

Every wig is finished with an invisible HD lace and pre-bleached knots for a seamless, undetectable hairline, with the option of diamond netting over the parting for a hyper-natural, scalp-like finish that turns heads.
